
Christmas Appeal 2022

Right now, hundreds of families across our Diocese are desperately trying to just get by, hit hard by the cost of living crisis. They don't want to even consider what Christmas will look like, as they just try to get through another month, counting down the days with less money in their pockets.

This year we are hosting **Christmas Pantries** in our communities, where people can access food, toiletries, toys, advice and support from our social workers and community teams.
